

## **Club Event Photographer/Videographer Guidelines**

### **Media Members**

New Hampshire Motor Speedway provides press photographers vests to accredited media outlets only. Media members must be over the age of 18, bona-fide employees and currently covered under the Workman's Compensation policy of the assigning media outlet. Requests must be submitted by a publisher, station manager, assigning editor or other outlet executive to the New Hampshire Motor Speedway Communications Department ([NHMSPR@NHMS.com](mailto:NHMSPR@NHMS.com)) one week prior to the event.

### **Official Club Photographers/Videographers**

Clubs who wish to have photographers/videographers shoot at their events at New Hampshire Motor Speedway must designate an official photographer/videographer on club letterhead from a club contact approved by the New Hampshire Motor Speedway Operations Department. Requests must be submitted to the New Hampshire Motor Speedway Operations prior to the start of the event. The club photographer/videographer must be listed as an official on COI paperwork. Photo vests will be considered at the discretion of New Hampshire Motor Speedway management. Club photographers/videographers must be over the age of 18, bona-fide employees and currently covered under the Workman's Compensation policy of the club.

### **Non-Media Members**

Photographers/videographers who are not accredited media members who wish to capture content during club events, must contact the club hosting the event to request to be an official club photographer/videographer and follow the guidelines listed above for Official Club Photographers/Videographers.

### **All Other Photographers/Videographers**

For all other photographers/videographers, standard spectator wristbands can be purchased for admission. No photographer vest will be assigned.

### **Guidelines for All Photographers/Videographers**

Speedway waivers and photographer forms must be completed before shooting begins. A photo vest will provide access to blocked shooting areas (a map with such locations will be provided upon completion of the above paperwork).

New Hampshire Motor Speedway reserves the right to revoke photographer's vests at any time or change the Club Event Photographer/Videographer Guidelines. Photographers/videographers that do not return their media vest at the conclusion of the event will have their credentials revoked for future events at New Hampshire Motor Speedway.
